Pfizer is the world's premier biopharmaceutical company taking new approaches to better health. We discover, develop, manufacture and deliver quality, safe and effective prescription medicines to treat and help prevent disease for people. We also partner with healthcare providers, governments and local communities around the world to expand access to our medicines and to provide better quality health care and health system support. At Pfizer, colleagues in more than 90 countries work every day to help people stay happier and healthier longer and to reduce the human and economic burden of disease worldwide.

Access Manager - Health & Value BeLux

- Provide adequate pricing and reimbursement support for Pfizer's pharmaceuticals in Belgium and Luxembourg including:
- Preparing product-specific pricing and reimbursement plans
